\* a mistake. Stephen Sebdo added at last page.

We the Subscribers do certify that some years ago Mr. John Morrison was appointed  
 Government, to make a Survey of Lands in the Township of Clare, granted  
 the French Neutralists, and that by some Mistake in the Survey A. B. LeBlanc  
 An Industrious Respectable Settler) fell short of Land allowed him three hundred  
 Acres, Mr. Morrison upon information of the Mistake acquainted A. B. LeBlanc that there  
 was a Gore of Land unlocated betwixt Lots No. 62 & 63. and that it was left for  
 the purpose of fulfilling A. B. LeBlanc's Complement, upon which presumption  
 he has actually made a Location, notwithstanding no Return was ever made  
 and has never obtained any Grant, therefore prays that he (A. B. LeBlanc)  
 may have a Grant for this Land, which will only put him upon a footing  
 with other Settlers of families equal to his.

May it Please Your Excellency

When I had the honor of seeing you last I acquainted you, with the flourishing state of the French Inhabitants of this part of the Province, in regard of their population, also of their contracted local situation; Upon which representation Your Excellency had the goodness to promise you would render them every assistance in your power, in consequence of which, I acquainted them you were much disposed to assist them, provided they would make an application. They have therefore hired Stephen Sebode (one of themselves) to make such application, he will hand you this together with a list of the Names of such Settlers as have the most numerous families; Should Your Excellency have the goodness to grant them More Lands, which they deserve, and as good Settlers have a right to, Sebode who is well acquainted with the Situation of the country can inform you of that part they would wish to locate.

I have the honor to be with  
Due Respect Your Excellency's  
Most Obedient and  
Very Humble servant
